G&F Financial Group Donates \$20,000 to the Langley Memorial Hospital Foundation

Burnaby, BC – Giving back to the community is the cornerstone of G&F Financial Group, and the community based Credit Union is pleased to announce our donation of \$20,000 to the Langley Memorial Hospital Foundation. The funds will support the new Maternity Centre at the hospital, and in particular go towards the purchase of a resuscitation armoire infant warmer system.

The Langley Memorial Hospital has one of busiest maternity units in the region, with approximately 1,800 births per year. Because of changing demographics and a growing population, by 2020, the number of births at LMH is expected to increase to more than 2,300. When complete, the new Maternity Centre will include an expanded Maternity Unit which will go from 13 to 20 single room maternity care beds, an expanded nursery and new isolation room. It will also house The Maternity Clinic, along with several other additions and improvements.

As a Credit Union, G&F Financial Group makes it a priority to give back to the communities it serves. Kam Mokha, Willoughby Branch Manager, G&F Financial Group, says that “At G&F, we strive to make a positive difference in the lives of others. With a new branch opening in the Willoughby area of Langley on April 22nd, we are excited to be a part of, and continue to support the Langley neighbourhood.”

“We are very grateful to G&F Financial Group for their generous contribution. With a growing population, it’s important to look to the future and invest in the infrastructure necessary to support the residents,” says Kate Ludlam, Donor Relations, Major Gifts & Legacy Giving, Langley Memorial Hospital Foundation. “We wouldn’t be able to do that without the help of supporters like G&F Financial Group. We are very pleased to welcome them to the Langley community.”
